## **Message from the President**

As another year has come to a close, Partners Bank is pleased to have another profitable year. Partners Bank and its employees would like to thank our customers and communities for their continued support.

As you will see in the next few pages, just as our customers and committees continue to support us, we continue to give back to our communities. Whether it is hosting our 6th Annual Harvest Day, making donations, ringing bells or standing outside on the coldest day of the year for the Winter Wonderland, our employees enjoy getting out and helping our local communities.

We are excited to see what 2020 will bring us, and we thank you for putting your trust in Partners Bank. We strive to be your partners for all of your banking needs by offering you added value through personal services, new technology, and the best customer service possible.

On behalf of the Board of Directors and the staff, I wish you a prosperous new year!
